Greetings from the National Resource Center for Osher Lifelong Learning Institutes,

We are pleased to share this directory of Lifelong Learning Institutes — both Osher Institutes and other independent programs — with you. The following pages are organized by state and city, they include more than 400 known Lifelong Learning Institute (LLI) programs throughout the US. The programs listed are unique; each is affiliated in some way with or a program of a college or university and each program is primarily designed for older adult learners, generally aged “50 or better”. But as we have discovered, LLIs are constantly changing. More are being formed and a few close each year. If you find a college or university affiliated lifelong learning program that is not listed in this directory, please let us know by sending an email to OsherNRC@Northwestern.edu for future updates to this directory.

All 121 Osher Lifelong Learning Institutes (OLLIs) are listed in this directory. OLLIs operate in all 50 states and the District of Columbia. All are funded in part by The Bernard Osher Foundation with services provided by the Osher NRC at Northwestern University. OLLIs collectively have more than 163,000 engaged students, called “members”, who understand the joys of learning, simply for the sake of learning. They meet and learn together in more than 360 communities throughout the US. For more information on the Osher Institute Network, please look at www.Osher.net and note the “Find an OLLI Near You” map on the website.

We hope this large list of LLIs is helpful to you or those you think might benefit socially or intellectually from participating in a lifelong learning organization.

All best wishes in your learning endeavors,

Steve Thaxton
Executive Director
