Halloween Safety Tips

• Plan your trick-or-treat route ahead of time. Pick streets that are well lit and have neighbors that you know.

• Take a parent, or an older sister or brother with you when you go trick-or-treating. If someone older cannot go with you, then go with a group.

• Trick-or-treat when it is still light outside, if possible.

• Wear a costume that makes it easy for you walk and can be seen after dark.

• Carry a flashlight and use reflective tape on your costume so that people driving cars can see you.

• If you wear a mask, take it off before crossing streets. If possible, wear make-up instead of a mask.

• Cross only at corners. Never cross the street between parked cars or in the middle of a busy block.

• If there are no sidewalks, walk facing oncoming traffic to make sure you can see the cars.

• Do not eat your candy until you get home and an adult can check it over to make sure it’s safe.
