Comprehensive Examination Application Form
(Must be turned in no later than the 12th week of the semester prior to the exam)

The Comprehensive Examination is a take-home examination with questions developed by faculty members in 3-4 different areas of concentration. The questions are to be comprehensive and integrate the student’s coursework and interests in a way that goes beyond course examination questions. The student will have at least two months (8 weeks) to complete the exam. A student may not begin to prepare for the examination until an application has been submitted and a plan of action has been established and approved by the student’s Committee members. Responses to the questions associated with each of the 3-4 areas must be at least 12 but not more than 15 pages in length. Students must consult with their Committee members regarding the coursework upon which the exam will be based and their specific expectations.

The application must be submitted to the Graduate Coordinator no later than the 12th week of the semester preceding the semester in which the student plans to take the exam.

Student Name__________________________________________  Option__________________________

Phone_________________________________________  Email__________________________

Projected completion date (semester/year)__________________________________________

1. Select three of the following areas upon which your exam will be based:
