Psychotropic Medicine Clinic.

Seeking to fill a part-time, once clinic a week position, with the option to expand to more clinics as needed.

Applicant Requirements:
1. Working knowledge of behavioral and neurodevelopmental conditions/disorders and their associated diagnostic criteria as outlined by the DSM V. Most common conditions that are seen in our clinic include; ADHD, Anxiety disorders, Mood Regulation disorders, Tourette syndrome, behavioral conditions/symptoms associated with Autism Spectrum Disorder, Developmental Delays/Intellectual Disabilities, and genetic conditions such as Prader Willi syndrome or Fragile X Syndrome.
2. Working knowledge of the primary medications used in this clinic which include; atypical antipsychotics, mood stabilizers including antiepileptic medications, psychostimulants, antidepressants, anxiolytics, alpha agonists
3. Active RN, NP, and NPF (Furnishing) license in California by the Board of Registered Nursing
4. Active DEA license for Schedule II meds
5. National Certification by the PNCB or AANC in any of the following is preferred but not required:
   a. Certified Pediatric Nurse Practitioner (CPNP)
   b. Pediatric Primary Care Mental Health Specialist (PMHS)
   c. Primary Care Pediatric Nurse Practitioner (PCPNP-BC)
   d. Psychiatric Mental Health Nurse Practitioner (PMHNP-BC)

Roles and Responsibilities:
- Initially, the prime function of this position is to prescribe and manage the medication treatments for patients seen. The typical age range is from 6 - 18 years, but we do occasionally see patients in their early 20's.
- Familiar with and use of
  o Rating scales to assess efficacy of treatments - these may include Vanderbilt scales, Multiaxial Anxiety Scale for Children
  o Conner Continuous Performance Test
  o Clinical Global Impression Scale
- Proficiency with Epic EMR system
- Clinics will be scheduled as 30 minute appointments. Will require patient vitals, medication reconciliation, clinical decision making and writing out prescription and follow-up management.
- Will need to respond to inter-clinic patient questions during clinic time
