Once admitted to a particular model, students are not allowed to change models except with the permission of the Graduate Coordinator.

GPA Computation

In order to be admitted to the University as either a post-baccalaureate unclassified student, or graduate student the applicant must meet the following requirements:

- Have earned a baccalaureate degree from an accredited college/university.
- Have been in good standing at the institution attended.
- Have at least a 2.5 grade-point average (GPA) in the last 60 semester/90 quarter units attempted.

You are required to compute your GPA. Please follow directions and compute your GPA carefully. Results will be cross-checked with University Enrollment Services. For your convenience you may want to refer to www.instate.edu/~registrar/gpa-cale/gpacalculator.html for assistance.

Review all Transcripts

- Do not use No Credit (NC) and No Pass (NP) grades/units.
- Do not use first attempt of repeated courses.
- Do not use W grades/units.
- Use Credit (CR) or Pass (P) grades/units in determining the unit cut off, then subtract from your total units. (see reverse)
- Once you receive your first bachelors, you may not use lower-division courses.

1. Beginning with your most recent term, count backward until you have 60 semester units. If the 60th semester unit falls in the middle of a term, include the entire term in your calculation. Count up your total units (subtract CR and P). If your total units add up to 51 once you subtract CR and P units, you will still use 51 units as your total.

2. Add up your total grade points. To determine grade points multiply (units x grade):

   \[ A = 4 \text{ grade points per unit} \]
   \[ B = 3 \text{ grade points per unit} \]
   \[ C = 2 \text{ grade points per unit} \]
   \[ D = 1 \text{ grade point per unit} \]
   \[ F = 0 \text{ grade points per unit} \]

   Using a (3) unit course you received an A so you would multiply 3 x 4 = 12 grade points. Using a (4) unit course you received a B in you would multiply 4 x 3 = 12 grade points.

3. Divide total grade points by total units (grade points ÷ units = GPA).

   With the A you received in the (3) unit course and the B you received in the (4) unit course your total units would be 7 and total grade points 24. You would then divide-grade points-24 by units-7 = 3.43.

   - To convert quarter units/grade points to semester units/grade points, multiply quarter units by (20 or .666) For example, 4 quarter units x .666 = 20 semester units; 90 quarter units = 60 semester units.

   - If your GPA is below 2.5 we suggest you take upper-division courses through Open University. Contact University College & Extension Services (UCES) 562-985-5561 for more information on taking courses through Open University.

   - The Department of Social Work will verify your reported GPA with Enrollment Services.

Fall 2010 Application deadline: March 1, 2010

New Program Announcement
The Department of Social Work is pleased to announce the implementation of its graduate Advanced Standing Program. The Advanced Standing Program is designed to facilitate completion of MSW degree requirements for students who have had two years of social work education at the BSW level. The Advanced Standing Program eliminates the redundancy of the repeating core social work concepts taught at the BSW level such as values, ethics, and methods of practice, which are also taught during the first year of the MSW program.

Essentials of the Advanced Standing Program
Students who have a 3.0 GPA and a BSW degree are conditionally admitted to the MSW Advanced Standing Program. Upon successful completion of an intensive Summer Bridge Module (see below), the core content from the 1st year of the traditional MSW program (or 30 units) will be waived and students will be Advanced to Candidacy to begin year two of the traditional MSW program curriculum.

Admission Criteria
In addition to the Department's basic admissions application procedures detailed in this application packet as well as University application procedures, the following are requirements for all Advanced Standing applicants:
- Graduation, within the last 5 years, from an undergraduate social work program that is accredited by the Council on Social Work Education at the time of the applicant’s graduation.
- Applicants must have a cumulative 3.0 (on a 4.0 scale) grade point average for all undergraduate work.
- Provisional acceptance for persons currently enrolled in BASW/BSW programs is contingent on the successful completion of that program plus submission of a reference letter from an undergraduate’s current field instructor, as well as a reference letter from the applicant’s program advisor or a professor who taught one of the required courses during the senior year. The third reference should be from a professional source.
- All acceptances to the Advanced Standing Program are conditional until University Enrollment Services admits a student and all Summer Bridge modules have been successfully completed.
- Applicants must pass the Graduate Writing Assessment Requirement (GWAR) or the Writing Proficiency Exam (WPE) prior to entering the program.

Curriculum for 2010 – 2011 Advanced Standing MSW
The Advanced Standing Program includes a 12-week summer session (dates TBA). The summer bridge includes six modules (see below), which are graded credit/no credit.
