

What Kind of Legacy Will You Leave?

We all hope our lives will have an impact on the world. For many of us, this is achieved through the legacy we create during our lives – something for which we will be remembered in the future. It can be our careers, families, writings, actions or it can be a something significant we leave behind.

One way to create a lasting legacy is through a bequest (a gift from your will or trust) or other planned gift. Best of all, many of these types of gifts cost you nothing now!

Your gift may create a lasting endowment or be used when it arrives in the future to support students, assure academic excellence or enhance the campus. The choice is yours. When you let the campus know your intentions now, you can choose to join the Legacy Society, an esteemed group of individuals whose lasting legacy is the education of future CSULB students.
