Requirements for SCED 401 permit

Please note: SCED 401 has 3 pre-requisites that you must have completed before you can receive a permit to enroll. Please read below and select the case that best applies to you.

**If you have met (completed) the pre-requisites:**

- Evidence that you have taken the three pre-requisites: *Bio 200, Phy. Sci 112, and Geo 102 & 104 - or – Geo 106*. Un-official transcripts with classes highlighted, are fine for this purpose.

- Your name, student ID#, email address, phone # and registration date. Let us know the section number for SCED 401 you are interested in taking. We will add students on a first come-first serve basis based on their registration date.

Email your information to Natalia Mora – Science Education Coordinator at Natalia.Mora@csulb.edu – OR - You can bring it in person to HSCI 205.

**If you are currently taking a pre-requisite(s):**

- Evidence of the pre-requisites you have taken and those you are currently enrolled in (Bio 200, Phy. Sci 112, and Geo 102 & 104 - or – Geo 106) Un-official transcripts with the classes highlighted are ok for this purpose. **Important: should you not pass the course (in process) you will be dropped from SCED 401.**

- Your name, student ID#, email address, phone # and registration date. Let us know the section number for SCED 401 you are interested in taking. We will add students on a first come-first serve basis based on their registration date.

Email your information to Natalia Mora – Science Education Coordinator at Natalia.Mora@csulb.edu – OR - You can bring it in person to HSCI 205.

**Are you planning on taking a pre-requisite concurrently (at the same time) with the Capstone?**

- You will need to petition in order to do concurrent enrollment. Petitions are reviewed by the department and you can expect an answer within 2-3 weeks.

- Please fill out the “SCED 401 Concurrent Enrollment” petition form (on our website) provide copies of all pertinent information and return them to our office.

- **Please Note: Your petition will be reviewed in the order received and a permit will not be granted until all students who have met all pre-requisites are enrolled.**
