

# Requirements for SCED 401 permit

Please note: SCED 401 has 3 pre-requisites that must have been completed before you are able to enroll. Please read below and select the case that best applies to you.

## If you have met (completed) the pre-requisites:

- You may register for this course using your MYCSULB account and adding this course to your schedule.

## If you are currently taking a pre-requisite(s):

- Evidence of the pre-requisites you have taken and those you are currently enrolled in (Bio 200, Phy. Sci 112, and Geo 102 & 104 - or – Geo 106).  
Un-official transcripts with the classes highlighted will suffice.
- Your name, student ID#, email address, and contact number. Let us know the section number for SCED 401 you are interested in taking. We will add students on a first come-first serve basis.
- *Important: should you not pass the course (in process) you will be dropped from SCED 401.*

## Are you planning on taking a pre-requisite concurrently (at the same time) with the Capstone?

- You will need to petition in order to do concurrent enrollment. Petitions are reviewed by the department and you can expect an answer within 2-3 weeks.
- Please fill out the “SCED 401 Concurrent Enrollment” petition form (on our website) provide copies of all pertinent information and return them to our department office.
- *Please Note: Your petition will be reviewed in the order received and a permit will not be granted until all students who have met all pre-requisites are enrolled.*

Email your information to Natalia Mora – Science Education Coordinator  
at [Natalia.Mora@csulb.edu](mailto:Natalia.Mora@csulb.edu) – OR - You may bring all documents in person to HSCI 205.
