The Regents of the University of California, Office of the President receives National Science Foundation (NSF) Grants under the Computer Science, Engineering and Mathematics Scholarship Program (CSEMS) to help provide scholarships to MESA students transferring from a California Community College to a four year University.

Individual scholarships does not exceed $9,375, but are limited to $3,125 per student per year ($1,562.50 per semester); and are disbursed to scholars on a term-by-term rather than a lump sum basis.

**Guidelines:**

For NSF reporting purposes, the scholar must fall under the following guidelines:

- Actively involved in the MESA Engineering Program (MEP);
- Enrolled full-time in a computer science, engineering, or mathematics degree program at the baccalaureate level or graduate level and making progress towards graduation. (Enrollment must be full-time for each semester or quarter a student receives a scholarship);
- Possess a minimum GPA of 2.5;
- Demonstrates academic potential or ability; and
- Demonstrates financial needs.

Activities are monitored by the MESA Engineering Program (MEP) Director, Emmitt Clark and staff at California State University, Long Beach (CSULB).
