What can I do with a degree in geoscience?

**some employers who hire geoscientists:**

- **International Institutions**
  - CARE
  - United Nations
  - Intergovernmental Panel on Climate Change
  - World Bank
  - Global Environmental Facility

- **Federal Agencies**
  - National Aeronautics and Space Administration (NASA)
  - National Oceanic and Atmospheric Administration (NOAA)
  - U.S. Geological Survey (USGS)
  - U.S. Forest Service (USFS), National Park Service (NPS)
  - U.S. Intelligence Agencies (CIA, NSA, NGA, FBI)

- **California State Agencies**
  - California Geological Survey
  - Department of Water Resources (DWR)
  - California Coastal Commission
  - CalTrans
  - California Governor's Office of Emergency Services (Cal OES)

- **Local Agencies**
  - Metropolitan Water District (MWD)
  - Southern California Association of Governments
  - Los Angeles Department of Water and Power (DWP)
  - Southern California Association of Governments
  - City of Los Angeles Bureau of Engineering, Department of Public Works
  - Unocal (Union 76)
  - CH2M Hill Consulting
  - Earth Tech
  - Tetra Tech

- **Private Sector Firms**
  - Thomas Bros./Rand-McNally
  - Environmental Systems Research Institute (ESRI)
  - Aerospace Corp.
  - SCS Engineering

**typical job titles held by graduates with geoscience degrees:**

- geologist
- Certified Geologist
- petroleum geologist
- cartographer
- GIS analyst
- imagery analyst
- remote sensing specialist
- earth scientist
- environmental scientist
- environmental planner
- environmental impact analyst
- environmental quality specialist
- meteorologist
- weather forecaster
- climatologist
- soil scientist
- waste management specialist
- park ranger or interpreter
- emergency management officer
- project manager
- cultural resource specialist
- historic preservation planner
- urban, community, or regional planner
- middle or high school teacher
- professor
- intelligence analyst
- Registered Professional Archæologist
- biogeographer
- ecologist
- hydrologist
- water resources specialist
- coastal zone specialist
what can I expect to earn?  This varies by the particular major you study, the particular subfield you specialize in, skills you acquire, how much math is in your background, whether you have a bachelor's or graduate degree, your seniority and level of responsibility, prevalent practices in a particular region, whether you're in the private sector or public sector, and your own initiative and assertiveness.
