Viewing user progress
Use this feature to view the progress of users enrolled in your courses.

View user progress

1. Click **Classlist** in navbar.
2. Find the user whose progress you want to check and click the **User Progress** icon.
3. To view another tool, click the **Change** button.
4. Select a tool from the drop-down menu and click the **Apply** button.
5. If you have permission, and you want to view another user’s progress, click the **Select different user** link.

Note: You can only view other users' progress if you have the appropriate permissions
