Item: Minutes
Minutes from the November 6, 2009 FC meeting were unanimously approved.

Item: Department of Social Work proposal to become a School of Social Work
On behalf of Department of Social Work Director, Dr. John Oliver, Prof. Pasztor introduced a proposal submitted by that Department for a name change to “School of Social Work.” The rationale for the name change was discussed, including the opportunity to be competitive among the many other social work schools/departments in the area for students, internships, and funding opportunities. No costs would be incurred with the name change. The FC voted unanimously in favor of changing the name of the CHHS Department of Social Work to the School of Social Work.
