**Tenets of System Level Governance in the California State University
Endorsement of**

The Faculty Senate of California State University, Sacramento endorses the sentiments expressed in the document titled “Tenets of System Level Governance in the California State University” previously discussed in the ASCSU. We encourage adoption of the document at the ASCSU's earliest opportunity and note that such a statement is both welcome and overdue. We appreciate that we can support this statement while maintaining our own independent and long-standing commitment to campus shared governance as the document addresses shared governance at the system level only and it neither constrains nor prescribes either policy or action at the individual campus level. Furthermore, copies of this endorsement shall be sent to President Nelsen, Chancellor White, the Chair of the statewide Academic Senate, and the Chairs of the other campus Senates.
