ACADEMIC SENATE RETREAT 2018:
Preserving the Past, Creating the Future

Schedule

2:00 pm  Welcome

2:10 pm  Questions on higher education

2:25 pm  Introductions

Introduce yourselves to each other—what division or group are you from, what is your general experience or situation at CSULB, etc.? Then select a discussion leader, a digital scribe, and a poster scribe from your group. Now, open your envelope and choose one of the three topics to focus on for the two following discussions...

2:30 pm  First discussion: Preserving the Past
- What practices and policies are currently working really well for our students, faculty, staff, and administrators here at CSULB in your chosen topic?
- Why do they work well?
- What are the structures and policies that support those practices?

Document your discussion and any conclusions you might come to in digital form (i.e., a Word file) and in poster form (i.e., on the large post-its).

3:00 pm  Gallery walk

Post your large post-it on one of the appropriate walls. Walk around the room and add feedback on the posters themselves, or bring feedback back to your group.

3:15 pm  Second discussion: Creating the Future
- What should CSULB look like in 2030 in your chosen topic? Give specific examples!
- How might the best practices we already have, or new practices, get us to that future (in your chosen topic)?

3:45 pm  Report out

3:55 pm  Door prizes for students

4:00 pm  Reception
