37 ¹ Students admitted to pursue an additional baccalaureate come in as classified post-baccalaureates and are not
38 given undergraduate status anymore.39 ² This requirement is stated more fully to bring it in line with what is currently in the catalog and what is required for a
40 first baccalaureate and also to make it clearer that the student must take the courses as a matriculated student
41 after admission to the degree program.42 ³ The GE requirement is changed to match the current catalog and allow students to satisfy GE other than by formal
43 course equivalency.44 ⁴ Although the GWAR was not in place in 1971, it is now (EO 665).45 ⁵ This requirement is restated more completely and correctly.46 ⁶ These, apparently new requirements were not in place in 1971 but are now required. The first three GPAs are
47 from Title 5, 40402; the fourth is from PS 94-01, Undergraduate Grade Point Average Requirements.
