SELECTION PROCESS

IMPORTANT: To minimize the potential impact to student financial aid packages, recipients must be selected in one semester and funds are disbursed the following semester (i.e. selection in spring and disbursement in the following fall)
Each organization is responsible for creating its own selection committee to review applications and choose a recipient.

The selection committee should have specific criteria to select a recipient (rubric, etc.).

Students on the selection committee for a scholarship may not also be an applicant for any of the scholarships being discussed to avoid any conflict of interest.

REQUESTING RECIPIENT PAYMENT

Prior to your appointment, email the Center for Scholarship Information (scholarships@csulb.edu) with the following information:

- Each recipient's full name
- Campus ID number
