Immunization Requirements

The California State University System requires all students born on or after January 1, 1957, to show proof of immunity to measles/rubella. All students age 18 years or younger, before the first day of class, must also show proof of immunity to Hepatitis B.

Students who graduated from a California public high school on or after July 1, 2005, will have satisfied the requirements for measles/rubella and Hepatitis B and do NOT need to submit those immunization records.

- * All transfer students need to show proof of immunizations.
- * All students living in the CSULB dorms must show proof of a Meningitis vaccination.
Your meningitis vaccine must have been given within 5 years, AND after the age of 16.
- * All international students and ALI students must provide documentation of negative Tuberculosis Assessment.

Proof of Immunization to Measles/Rubella (after 12 months of age)

Date of Vaccination: Measles/Rubeola _____ or MMR _____
MM/DD/YY MM/DD/YY
Rubella _____
MM/DD/YY
