## Student Health Services

Student Health Services provides medical care and health promotion to enrolled students. It is staffed with physicians, nurses, technicians, health educators, and receptionists to assist students with their medical and health needs. New student immunization requirements are cleared at Student Health Services. For more information please call ext. 5-4771. Student Health Services does not issue excuses from class for injury or illness; the decision to excuse the student is the instructor's.
