Beachsort Technologies is a new student organization approved by Student Life and Development here at CSULB and advised by Dr. Wayne Dick, Department Chair of CECS.

Beachsort aims to provide real-world and useful Information Technology projects to members and develop skills in the computer Science/Engineering and Business. As such, we constantly search for people with IT business needs. Beachsort provides bright students, qualified faculty advisors, and assurance that projects meet various needs.

Beachsort is a special interest group and welcomes any student of any major to join our membership. Students are presented with a business like attitude, and structure that will prepare them in today's industry. They are able to apply for projects and gain valuable experience. They may take advantage of a wide array of member events such as, guest speakers, seminars, luncheons, contests and other opportunities that may help students in the overall goal.

**Beachsort Technologies**

President of Beachsort: Yuushi Kotow
Email: ykotow@csulb.edu
**Become a Student Member:**
- Participate in real-world useful projects.
- Gain valuable experience.
- Learn how real businesses operate in today’s world.
- Great networking opportunities in our special member events.
- Enhance your education.
- Definite resume/CV builder.

Both undergraduates and graduates are welcomed to become a student member. Forms can be picked up in the CECS Department Office ECS-552. There is a one-time payment membership fee of $10. This organization is a great way to really get involved in the CSULB community. Get more experience seeing the overall picture about technology. Contact us for more information.

**Customer Satisfaction:**

Need a project done at a low cost, and quality-oriented, or just need consulting? Then become a customer. Customers may also be invited to our special member events.

There’s no reason why you should look for outside businesses when projects can be done on campus, at a low cost with our bright students and qualified faculty advisors. Computer skills include, but not limited to:

- Web Development (ADA Compliance)
- Database-related projects
- Computer Security
- Systems Analysis
- Tutoring in Computer Technology
- Computer Support and Services
- Computer Consultation (initial consultation is free)

Contact us and let’s talk about what you need!

---

**For Faculty/Alumni:**

Are you a part of the faculty at CSULB and would like to become an advisor? Or maybe you are an Alumni and would like to be a part of Beachsort Technologies? We encourage you to join.

- Advise students on projects with best practices in today’s world.
- Advisors and Alumni members can participate in special member events.

Contact us for more benefits. Alumni Membership forms can be found in the CECS Department Office ECS-552. There is a wide array of involvement with students, education and the school. This is a great opportunity to give back to the community by enhancing everyone technological needs.
