Example of Collaboration Reporting

Collaborations of Professor Louis Costello, Hudson University

Collaborator: Professor William Abbott, Los Angeles University
Since: 2014

Collaborative Project: Our collaborative work involves analysis of World Health Organization efforts to address health disparities and pandemic disease in relation to multiple cultural factors faced in many countries.

Our first publication, "WHO on First: Addressing Community Culture in Combating Ebola" will published in the Journal of Major League Baseball on 5 April 2015.

Funding: A grant has recently been submitted for funding by the World Health Organization.
