Rebuilding Nepalese Homes

- We are building a community center and a school made from local materials that are earthquake safe.
- Volunteers will participate in building rammed earth structures; taking clay, stones and watered down dirt to make a material strong enough to provide walls for new homes.
- You do not need to be an experienced builder to participate in this volunteer program.
Current Sketch of Plan
The Village
Takahure

birgit.penzenstadler@csulb.edu
Activities there

- Hands-on building activities
- Getting to know Nepalese rural life
- Local food and nature, hiking
- Yoga classes every day (optional)

Your todos

1. Register with study abroad (linked on web.csulb.edu/~bpenzens/nepal/)

2. Book your flight (asap!):
   - Arrives at KTM (Kathmandu, Nepal) on Dec 27 (any time)
   - Leaves KTM on January 5 after 3pm (most flights do)

3. Send me the email confirmation of the booking.

4. Register on empowered.org and enlist for the volunteer activity with Conscious Impact for Dec 27 – Jan 5 and pay your $1000 for the stay and donation.

5. Send me an email confirming the deposited amount.
