Papers should be 2 word processed or typewritten pages, and should be double spaced font size 12. If a reference list is used it may be the third page. The article must be a journal article not a magazine article. Journals in Kinesiology & Physical Education include: JOPERD, Strategies, CAHPERD journal, Research Quarterly etc., A magazine article from Sports Illustrated or similar commercial publications is unacceptable.

Your names, the date, KPE 237, and class meeting time appear on the top of the page.

The title of the paper is the APA citation of the article you have reviewed. Title (citation of the article at the top of the first page) of the review and any citation in the reference list are cited in APA style.

The article is related to your areas of concentration within Kinesiology and Physical Education. If teaching then the article should be related to teaching, if sports injuries then the article should be related to that field, etc.,

In the first paragraphs of the paper the content of the article is summarized. Avoid technical jargon instead write as if you the intended audience for this paper are KPE majors but not in your area of specialization.

In the closing paragraphs of the paper, the writers should analyze and evaluate the article's content. Judge the worth of the idea(s) presented. You may refer to additional sources that agree or disagree with the ideas presented in the article however you will need to cite these sources.

Each paragraph is introduced with a topic sentence. Sentences are complete and have a logical flow.

Grammar, spelling, and punctuation.
