HSc 503

Assignment 13
Answers to Assignment Problem 2.

a) Number Exposed to Risk = 19 - (4/2) = 17
b) Proportion Terminating = 2/17 = 0.118
c) Proportion Surviving = 1.000 – 0.118 = 0.882
d) Cumulative Proportion Surviving at End of Period = (0.882)(0.950) = 0.838
