Another Semester Ends...

Well, it is that time again! The semester and year are coming to an end and the Health Science Student Association would like to thank-you for your patience and support. HSGA was re-developed this year and faced many obstacles, but would like to reassure all...is here to stay.

As the last issue of the semester, we have filled it with MANY job, internship, and study opportunities that may be of interest to you. Please remember that you may contact Sarah Long or Cristina Mosquera with any organization, job, internship, etc. inquiries.

We would like to congratulate all of the students that passed the comprehensive exam and hope that you will remain a resource for those still in the program.

If any students plan on traveling, working, interning (trying something new), let us know about it! We would like to feature it in our fall newsletter.

Best wishes and remember to wear sunscreen!

1st Annual: “Health Policies at the Beach” Poster Presentation

The California State University, Long Beach, Department of Health Science Graduate Course 625 is hosting a poster presentation to display the hard work and dedication of its Public Health students. The event will present public health policy proposals developed by the students; all proposals deal with health issues within the Long Beach community.

Many students, faculty, administration and campus and community stakeholders will be present. The event will be held on May 16, 2007 from 4:00-7:00 p.m. at the CSULB University Student Union-USU-224 A. Food and Refreshments provided.

To RSVP, please email Jessica Lee: msjesslee@gmail.com
Did you know...

- A poll released during National Public Health Week, found that 87% of Americans would not be ready if a public health crisis struck their community (APHA, The Nation’s Health, May 2007).

- The U.S. Surgeon General’s Office issued (Spring 2007) its first call to action against underage drinking. View full doc. @ www.sugeongeneral.gov/topics/underagedrinking

- April 2007: The U.S Supreme Court this week, a newly constituted court — with two new Bush appointees — changed the landscape on abortion. By a 5-4 vote the court upheld a regulation banning the abortion procedure that opponents call partial birth

Upcoming Training
Disaster Management

Upcoming Conference
Alianza, Latino of HIV and AIDS

The conference is open to person infected, affected, Health care providers and general public. Create credibility, identity among peers, members, employees, and vendors.

The conference is also in need of bilingual volunteers. What the persons need to do is to fill the registration, send it and let write somewhere that they would like to volunteer the day of the conference.

The volunteer shifts are four hours each so participants can enjoy part of the conference.

Please see the attachments at the end of the newsletter if you are interested in attending this conference.
