

CURRICULUM VITAE  
Betty L. McMicken, Ph.D.

**PERSONAL DATA**

1973-Present Licensed Speech-Language Pathologist (California State License No. SP320)  
1968–Present ASHA Certificate of Clinical Competence

**EDUCATION**

March 1987 University of Southern California (USC): Communication Arts and Science,  
Ph.D.  
June 1967 USC: Communication Disorders, Master of Arts, and Speech Pathology  
June 1964 USC: Bachelor of Arts, Speech and Drama

**EMPLOYMENT**

California State University, Long Beach (CSULB) Jan. 2019-2020

Part time lecturer, Communicative Disorders Department Aug 1998–2006  
Responsible for courses involving voice disorders, swallowing disorders, and motor speech disorders

Chapman University Aug. 2016-2019

Clinical Professor responsible for courses involving voice disorders, swallowing disorders, and motor speech disorders in addition to Learning Lab supervisor and practicum

Chapman University Aug. 2015

Adjunct Professor responsible for courses involving voice disorders, swallowing disorders, and motor speech disorders in addition to Learning Lab supervisor

University of California; Irvine, CA Jan 2015

Assistant Clinical Professor  
Provided observation opportunities for residents and lectured on swallowing and communication disorders in the head- and neck patient.  
Attended head and neck rounds.

California State University, Long Beach (CSULB); Long Beach, CA Aug 2012–2015

Associate Professor, Tenured, Communicative Disorders Department  
Associate Clinic Director  
Responsible for courses involving anatomy and physiology, swallowing disorders, and motor speech disorders. Research topics include congenital aglossia, extrapyramidal disorders, and dysphagia. Supervision of student volunteers and externship opportunities at the Los Angeles Mission.

Assistant Professor, Communicative Disorders Department Aug 2006–2012

Undergraduate Advisor, Associate Clinic Director  
As above. Initiated off-campus contract with opportunities for students at the Anne Douglas Center and Los Angeles Mission.

<u>Lecturer, Communicative Disorders Department</u> Associate Clinic Director, Graduate Advisor (2005 to 2007) New prep of 15 different classes in multiple areas.	Aug 1998–2006
<u>City of Hope, Department of Rehabilitation; Duarte, CA</u> Director, Speech Pathology Services Developed program for dysphagia and TEP fittings.	Jun 1994–1999
<u>University of Southern California School of Dentistry; Los Angeles, CA</u> Adjunct Clinical Instructor Taught course in speech pathology December 1991 to 1997.	Sept 1991–1997
<u>Veterans Administration Outpatient Clinic; Los Angeles, CA</u> Head and Neck Cancer Patient Consultant	
<u>California State University; Los Angeles, CA</u> Professor and Chairperson, Department of Communication Disorders Administered Speech and Audiology program: taught 6 classes a year; new prep of 13. Wrote grant for and developed 12-station acoustic Elise Hahn Speech Science Lab with stroboscopic capabilities; initiated \$400 a month equipment loan program with USC to fund speech science lab. Initiated a strong medical SLP track, which included new course development of dysphagia, motor speech disorders and adult neurologic disorders; instituted off-campus hospital placement as mandatory; wrote grant for and developed the programmable hearing aid lab.	Sept 1996–1998
Associate Professor and Chairperson Department of Communication Disorders (As above)	Sept 1991–1996
<u>Western Medical Center; Santa Ana, CA</u> Director, WestMed Speech and Hearing Center (Endoscopic Lab Director) Conceived, initiated, received funding for, and managed Voice and Endoscopic Laboratory (VEL), the first in Orange County, CA. Responsible for physician schedule and assessment of speech, voice, and language disorders. Attended weekly head and neck cancer rounds to provide input to physicians for endoscopies. Directed voice science laboratory, including use of Visi-Pitch and Kay Digital Sonograph. Responsible for education, infection control documentation, and calibration of procedures involving laboratory equipment. Scheduled quarterly “Voice Rounds” including inviting national guest speakers, case documentation and budget. This symposium was the first of its kind in Southern California and was open to SLPs, physicians, and voice teachers. Medical CEU’s were given through the Orange County Medical Association.	Sept 1987–1991
<u>California State University, Long Beach; Long Beach, CA</u> Lecturer, Communication Disorders Department	Sept 1989–June 1991
<u>California State University, Fullerton; Fullerton, CA</u> Graduate-Level Lecturer, Communication Disorders Dept.	Sept 1989–June 1991

California State Board of Medical Quality Assurance, Pathology, and Audiology Mar 1988–Aug 1992

Examining Committee Speech Pathology Member. Responsible for review of legislation, applications, consumer protection, and issues affecting scope of practice in speech pathology and audiology. Lobbied for SLPs' scope of practice to be expanded to include endoscopic examination with proctoring and under physician supervision.

University of California; Irvine, CA Jan 1986–1990

Adjunct Clinical Professor

Provided observation opportunities for residents and lectured on swallowing- and communication disorders in the head- and neck patient. Attended head and neck rounds.

United Western Medical Centers; Santa Ana, CA Mar 1981–Apr 1989

Director, Department of Speech and Hearing

Administrative responsibilities included management of the language, speech, and audiology programs within two general/acute hospitals (one 300-bed facility and one 250-bed facility) and a convalescent hospital (250-bed). Maintained a full caseload of head and neck patients.

United Western Medical Centers, Newport Language Speech and Audiology Center, Inc.; Laguna Hills, CA

Apr 1980–Mar 1981

Director, Speech-Language Pathology Services

Coordinated services for inpatients and outpatients with communication disorders. Maintained full caseload of neurologic patients, and head- and neck cancer patients.

Newport Language, Speech and Audiology Center, Inc.; Laguna Hills, CA

Sept 1970–Apr 1980

Co-Founder and Associate Director

Developed hospital-based, speech-language pathology service in the Orange County area. Provided treatment to patients in acute hospitals, convalescent hospitals, and in-home settings. Developed speech-language pathology departments initially at ten acute hospitals, then took that model to an additional 17. Actively involved with the development of these programs and the education of medical staff in the multiple aspects of communication disorders. Created a model for treatment that has been adopted by rehabilitation centers, home health agencies, and insurance companies. Initiated a program at the American Cancer Society for rehabilitation of the laryngectomized patient. Concurrently engaged in teaching of staff and lecturing of speech-language pathologists (SLPs) in the management of the oncology patient with communication impairment. Supervisor of oncology services for facilities serviced by Newport Language, Speech, and Audiology Center, Inc.

Communication Disorders Research Foundation; Laguna Hills, CA

Jun 1973–1980

Co-Founder

The first non-profit foundation in California dedicated to treatment, research and education in the field of communication disorders. Instructor in the Porch Index of Communicative Ability workshops, which are presented by the Foundation to instruct SLPs in the use of this highly informational and diagnostic tool for use with the neurologically impairment patient. Differential Diagnosis of Dysarthria was also taught using the Aronson

model. In 1973, developed a class for SLPs in the management of the laryngectomized patient. This workshop was taught in conjunction with the American Cancer Society from 1973–1980. Developed annual two- to three-day neurologic symposiums, which were brought under DCRF in 1973 and were presented into the 1990s.

Chapman College; Orange, CA Sept 1973–1978  
Lecturer, Department of Communication Disorders

Easter Seal Society of Orange County; Orange, CA Jun 1970–Sept 1970  
Speech-Language Pathologist  
Provided diagnostic evaluation and treatment to individuals with communication impairments resulting from neurovascular disease.

Western Rehabilitation Services; San Gabriel, CA Dec 1968–Jun 1970  
Director of Speech Pathology Services  
Responsible for program development and delivery of treatment in a private rehabilitation practice to patients with communication handicaps.

Veteran’s Administration Hospital (Wadsworth); Los Angeles, CA Dec 1967–Dec 1968  
Audiology Internship  
Coordinated and delivered audiology services in the acute- and nursing-home setting of the Veteran’s Administration Hospital. Involved in diagnostic testing, fitting of hearing aids, and research. Organized the support group for families of patients with war-related communication deficits.

Veteran’s Administration Hospital (Wadsworth); Los Angeles, CA Sept 1966–Sept 1967  
Speech Pathology Internship  
Coordinated and delivered services on an inpatient basis to acute- and nursing-home patients of the Veteran’s Administration Hospital. Caseload consisted of head trauma, stroke patients, head and neck and laryngectomized patients. Responsible for speech services within the Physical Medicine setting. Conducted biweekly group sessions for family members of war-injured patients.

## **AWARDS**

ACE Award 2017-2019

Awarded by ASHA for over 70 CEUs

Partner 2017

Awarded by the Los Angeles Christian Community Health Center in honor of a decade plus volunteer work Los Angeles, CA

The Anne 2017  
Awarded by the Los Angeles Mission for outstanding volunteer work with the women of the Anne Douglas Center, Los Angeles, CA

Dedication of the Anne Douglas Center Multipurpose Room to Betty McMicken 2016  
In honor of a decade of service to the homeless including the establishment of volunteer  
speech pathology, clinical psychology, nursing and nutritional services through  
CSU Los Angeles.

- California Speech-Language-Hearing Association (CSHA) Scholars Award 2016  
In honor of establishing and funding the 49er Scholarship Fund of CSHA
- Associate Professor Emeritus, CSU, Long Beach, California 2015
- Frank R. Kleffner Lifetime Clinical Achievement Award 2015  
The American Speech-Language-Hearing Foundation (ASH Foundation) requests nominations for the 2015 Frank R. Kleffner Clinical Career Award, an award to be made to an individual in recognition of outstanding contributions to clinical science and practice in communication science and disorders over a period of at least 20 years.
- Distinguished Scholarly and Creative Achievement Award 2015  
This highest scholarly award presented by the CSULB to faculty members who has distinguished themselves in academic and professional achievement
- Honors of the Association: American Speech-Language Hearing Association 2014  
This honor recognizes members for their distinguished contributions to the discipline of communication sciences and disorders and is the highest honor the association bestows. It is in recognition of those individuals whose contributions have been of such excellence that they have advanced or altered the course of the profession. Honorees are individuals who are well-known throughout the nation and the world for a lifetime of innovative clinical practice, insightful and rigorous research, creative administration, outstanding teaching and other distinguished professional contributions.
- Anne Douglas Legacy of Vision Award: Los Angeles Mission 2012  
Award for outstanding volunteer. Includes establishing SLP assessment and treatment services; recruiting hundreds of CSULB student volunteers; initiating SLP assessment, treatment, and externships; recruiting student volunteers to support existing LA Mission and Anne Douglas Center programs and structures; providing case management; establishing an eBay program for sale of used designer clothing to support the Anne Douglas Center; establishing contracts with the Chicago School of Psychotherapy and CSULA Health and Human Sciences for externship opportunities.
- Fellow: American Speech-Language-Hearing Association (ASHA) 2011  
Outstanding career achievements in clinical service, administration, service to the state organization, teaching, research and community service.
- Honors of the Association: California Speech-Language-Hearing Association (CSHA) 2011  
Outstanding and long-standing career achievements in clinical service, administration, service to the state organization, teaching, research and volunteer community service.
- Service Awards: CSHA Annual Conference; Los Angeles, CA. 2011  
In recognition of annual participation as an invited or selected speaker and volunteer position as chair or co-chair of annual conference and as such: selected theme and committee members; invited speakers for medical SLP track; selected program from submitted papers;

managed budget; wrote final report with suggestions for future conferences; **2011, 2009, 2008, 2006, 2004, 2002, 1992.**

University Community Service Award:

California State University Long Beach, CA (CSULB) 2010

University faculty award in recognition of exceptional community service to the homeless, involvement of students in SLP assessment, treatment, and volunteer student support of the homeless population served by the Los Angeles Mission/Anne Douglas Center.

College of Health and Human Services Community Service Award: CSULB 2009

College of HHS outstanding faculty award in recognition of exceptional community service to the homeless, involvement of students in SLP assessment, treatment, and student volunteer support of the homeless population served by the Los Angeles Mission/Anne Douglas Center.

Friendship Award: Celebrity Action Council of the Anne Douglas Center 2009

In honor of establishing extensive new volunteer programs and SLP services for the homeless in downtown Los Angeles.

Fellow of the Association: CSHA 2008

For outstanding service to the state organization, a record of innovation and excellence in clinical practice, teaching, administration and research.

Distinguished Service Award: American Cancer Society; Orange County, CA 1991

Received in **1991, 1985, 1980, 1979, 1975, 1973** for establishing laryngectomy services in Orange County, CA.; co-founding the Lost Cord Club; founding and volunteering for the weekly speech practice group at ACS; teaching workshops for SLP's in rehabilitation of the laryngectomee; advising to and underwriting laryngectomee self-help service films; organizing pre- and post-op visits by SLP's and laryngectomees; training of laryngectomee volunteers; expanding weekly speech practice group to include head and neck patients; training SLP's in tracheal-esophageal puncture patient selection and fitting of device.

Distinguished Service Award: Lost Cord Club of Orange County, CA 1991

In recognition of 22 years of weekly volunteer staffing of the ACS speech practice group.

Certificate of Merit: American Cancer Society 1987

Received in **1987, 1986, 1972** in recognition of volunteer work with laryngectomees through initiation of multiple rehabilitation and community service programs (see ACS Distinguished Service Award). The 1972 Certificate of Merit was a National award, the others from the California ASC.

Distinguished Service Award: Lost Cord Club of Orange County, CA 1980

In recognition of 10 years of weekly volunteer staffing of the ACS speech practice group

## **VOLUNTEER EMPLOYMENT**

Member, Chapman College Board of Counselors, 2014-2017

Communication Sciences and Disorders Department, Orange, CA

Assist with fund raising and establishment of scholarships, James L. Aten Learning Lab

Assistant Clinical Professor, University of California Irvine Medical Center 2014-Present

Department of Otolaryngology, Orange, CA

Attend and present at Ground Rounds, collaborate in research proposals  
patient consultation

Program Co-Chairperson: California Speech-Language-Hearing Association

(CSHA) Conference; Los Angeles, CA

2011

In recognition of annual participation as an invited or selected speaker and volunteer position as chair or co-chair of annual conference and such; selected theme, committee members, invited speakers for medical SLP track, selected program from submitted papers, managed budget, wrote final report with suggestions for future conferences: 2011, 2009, 2008, 2006, 2004, 2002 and 1992.

Speech Pathology Volunteer: Los Angeles Mission/Anne Douglas

Center/LA Christian Community Health Clinic; Los Angeles, CA

2007–Present

Established speech pathology assessment, treatment, and referral services for homeless clients of the Los Angeles Mission/Anne Douglas Center/LA Christian Community Health Clinic.

Volunteer services are provided by Dr. McMicken, students of CSU Long Beach and CSU Los Angeles and graduate clinicians in externship hours. Clients are seen both at the missions and in the clinics at CSULA. Annually, Dr. McMicken and her students staff four festivals at the mission and two fund-raising radio telethons. Other volunteer responsibilities are in-service to staff, major fund-raising, initiation of medically related programs, initiation of an online resale program for designer clothing, and training the ADC clients to run this online business.

Member: Extended Practices Committee,

American Speech-Language-Hearing Association; Washington, DC

1989–1992

Lobbied for endoscopy to become a part of the extended scope of practice through an educational program of physician proctoring and medical supervision.

National Advisory Committee, Eleanor Roosevelt Center at Val Kill;

Poughkeepsie, NY

1987–1997

Board Member: Eleanor Roosevelt Center at Val Kill; Poughkeepsie, NY

1983–1987

Assisted with establishing annual candlelight award, raising funding particularly from the Roosevelt family members recognizing women of worth, interaction for events with Board of FDR Center at Hyde Park, NY

Associate Board Member: American Cancer Society; Orange County, CA

1980–1992

Directed the development of a service program for the laryngectomized patient. Established protocol and guidelines for the services which would be offered by the American Cancer Society, Orange County Unit for the laryngectomized patient. This protocol has been adopted

by the California division. Weekly support-group leader for the head and neck cancer patients and their families (1970–1992).

Board Member: American Cancer Society; Orange County, CA 1975–1980  
Responsible for reading and evaluating grant proposals for medical research and education.

Consultant: Lost Cord Club of Orange County, CA 1970–Present

### **MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS**

Member: California Speech-Language-Hearing Association (CSHA) 1975–Present  
Member: American Speech-Language-Hearing Association (ASHA) 1967–Present

### **GRANTS FUNDED (full list upon request)**

Academic Block Grant: CSU, Long Beach (3 units release time) 2015  
Academic Block Grant: CSU, Long Beach (3 units release time) 2014  
Sabbatical Research Leave (One semester) 2014  
\$25,000 Lottery Funds: CSULB Department of Communication Disorders (DCD) 2013  
Computerized Speech Laboratory  
Academic Block Grant: CSU, Long Beach (3 units release time) 2013  
Academic Block Grant: CSU, Long Beach (3units release time) 2012  
Academic Block Grant: CSU, Long Beach (3units release time) 2011  
Academic Block Grant: CSU, Long Beach (3units release time) 2010  
\$3,000 Undergraduate student summer stipends/projects under my direction in the EEG LAB 2009  
\$70,000 for Berkeley Hall School Scholarships from the John Bradley Foundation 2009  
\$70,000 for Berkeley Hall School Scholarships from the John Bradley Foundation 2008  
\$64,000 Lottery Funds: EEG equipment, CSULB Department of Communication Disorders (DCD) 2007  
\$25,000 Lottery Funds: Speech Science Laboratory, CSULB, DCD 2005  
\$30,000 Lottery Funds: Programmable Hearing Aid Stations, CSULA, DCD 1997  
\$24,000 Lottery Funds: Programmable Hearing Aids Stations, CSULA DCD 1995  
\$35,000 Lottery Funds: Audio-Visual Equipment CSULA, DCD Clinic 1994  
\$50,000 Lottery Funds: Speech Science Lab, CSULA, DCD 1992

“Real-time MRI articulatory comparison of a congenital aglossic and normal speaker during lingua-alveolar production.” March CSHA, Pasadena, CA.

“Unique Case Studies with Neurologic Patients”, Round 5. March, CSHA, Pasadena, CA “Wine Taste Perception in a Person with Isolated Congenital Aglossia, Naïve Taster, and Sommelier.” March CSHA, Pasadena, CA.

- 2016: "Real-time MRI articulatory comparison of a congenital aglossic and normal speaker during lingua-alveolar production." Nov. ASHA, Philadelphia, PA  
 "Wine Taste Perception in a Person with Isolated Congenital Aglossia, Naïve Taster, and Sommelier." Nov. ASHA, Philadelphia, PA  
 "Wine Taste Perception in a Person with Isolated Congenital Aglossia, Naïve Taster, and Sommelier." California Academy of Nutrition and Dietetics Annual Conference and Expo, Riverside, CA.  
 "Wine Tasting with Isolated Congenital Aglossia: Wine Tasting With Isolated Congenital Aglossia: Wine Taste Perception in a Sommelier and Naïve Wine Tasters With and Without a Tongue. Experimental Biology, San Diego, CA  
 "Unique Case Studies with Neurologic Patients", Round 4. April, CSHA, Anaheim, CA  
 "Examination of Real Time MRI in Production of /t/ and /d/ in a Case of Congenital Aglossia" April, CSHA, Anaheim, CA  
 "Speech without a Tongue" TEDx CSULB, April 2016  
 Examination of real time MRI in production of /t/ and /d/ in a Case of Congenital Aglossia" March 5th Biannual Motor Speech International Conference, Newport Beach, CA
- 2015: "Production of /t/ and /d/ in a Case of Congenital Aglossia" Nov. ASHA Denver, CO  
 "Kirk Douglas and Principles of Neuroplasticity" Nov. ASHA Denver, CO  
 "Recovery Patterns from Herpes Encephalitis & Wernickes Aphasia in a Left-Handed Poet Laurette" March. CSHA Long Beach, CA.  
 "Cineradiographic & Videofluoroscopic Assessment of Swallowing in a Case of Congenital Aglossia" March. CSHA Long Beach, CA.  
 "Unique Case Studies with Neurologic Patients-Round 2. CSHA, Long Beach. CA
- 2014: "Cineradiographic & Videofluoroscopic Assessment of Swallowing in a Case of Congenital Aglossia" Nov. ASHA Orlando, FLA  
 "Perception of Taste in a person with Congenital Aglossia" Nov. ASHA Orlando, FLA  
 "Intraoral Constriction as Measured by Dynamic Palatography in an Adult with Congenital Aglossia" Nov. ASHA Orlando, FLA  
 "Recovery Patterns from Herpes Encephalitis & Wernickes Aphasia in a Left-Handed Poet Laurette" Nov. ASHA Orlando, FLA  
 "Unique Case Studies with Neurologic Patients. March, CSHA, San Francisco  
 "Neurological Voice Disorders" UCIMC, Dept of Otolaryngology Grand Rounds, Orange
- 2013: "Acoustic and perceptual analysis of vowels in a case of congenital aglossia", University of Brasilia, Brazil. **Invited Key note speaker**  
 "Semantic and phonemic confusions in a case of congenital aglossia", University of Brasilia, Brazil  
 "Vocal tract modeling from cineradiographic films during speech in congenital aglossia", CSHA, Long Beach CA  
 "Kirk Douglas; Principles of neuro-plasticity applied during a case study of unilateral upper motor neuron Dysarthria", CSHA, Long Beach CA  
 "Motor speech disorders; Assessment and treatment", CSHA, Long Beach CA  
 "Unique case studies with neurologic patients", CSHA, Long Beach CA

- 2012 “CVC perceptual and acoustic analysis in a case of congenital aglossia” American Speech-Language-Hearing Association (ASHA); Atlanta, Georgia  
 “Deep brain stimulation for spasmodic torticollis and focal mouth dystonia: A case presentation.” CSHA; San Jose, CA  
 “Prognostic indicators of functional outcomes in first time documented acute stroke patients following standard dysphagia treatment. CSHA; San Jose, CA  
 “Perceptual, acoustic analysis of isolated words in a case of congenital aglossia.” CSHA; San Jose, CA
- 2011 “Perceptual, acoustic and cineradiographic analysis of a case of congenital aglossia. CSHA: Los Angeles, CA  
 “Case presentations in ERB clinic setting” CSHA; Los Angeles, CA  
 “Operant conditioning in a unique case of a long term stutterer” CSHA; Los Angeles, CA  
 “Perceptual, acoustic and cineradiographic analysis of words a case of congenital aglossia.” ASHA; Los Angeles, CA.
- 2010 “Perceptual, acoustic, and cineradiographic analysis of vowels in a case of congenital aglossia.” 21<sup>st</sup> Annual Research Conference; Long Beach, CA.  
 “Perceptual, acoustic, and cineradiographic analysis of a case of congenital aglossia.” ASHA; Philadelphia, PA.  
 “A case of Huntington’s Chorea” CSHA; Monterey, CA.
- 2009 “Hyperkinetic dysarthria post cocaine abuse.” CSHA; Long Beach, CA.  
 “Ataxic dysarthria post amateur boxing.” CSHA; Long Beach, CA.  
 “Retrospective ratings with the functional oral intake scale on 100 first-time documented stroke patients with swallowing disorders.” CSHA; Long Beach, CA.

- 2006 “University-based fluency programs.” ASHA, FL.
- 2000 “Troubleshooting with Esophageal Speech.” CSHA; San Diego, CA.
- 1999 “Neurological voice disorders, a short course.” CSHA; Pasadena, CA.
- 1995 “Speech-science instrumentation as applied to the oral cavity and vocal tract.” UCLA Dental Residents Conference, City of Hope; Duarte, CA.
- 1994 “Clinical voice evaluation and treatment.” CSHA; Sacramento, CA.  
 “Functional results post reconstruction of the floor of the mouth with the ulnar flap.” ASHA; New Orleans, LA.  
 “Speech and swallowing post reconstruction of base of tongue.” ASHA; New Orleans
- 1993 “Microvascular mandibular reconstruction.” UCI Aesthetic and Reconstructive Conference, UCI Medical Center; Orange, CA.
- 1992 “Secondary microvascular tongue reconstruction—functional results.” Fourth

- International Conference on Head and Neck Cancer; London, England.
- 1991 Key Speaker (7.5 hours): Oral-Facial Health Center Symposium; Kansas City, MO.  
 "Primary vs. secondary microvascular tongue reconstruction." Third International Conference on Head and Neck Cancer; San Francisco, CA.
- 1990 "Speech and swallowing assessment of the head- and neck cancer patient." Oral-Facial Health Center; Kansas City, MO.
- 1988 "Speech and swallowing post oromandibular reconstruction." Academy of Otolaryngology; Washington, DC.  
 "Acoustic, physiologic, perceptual analysis of congenital aglossia." ASHA; Boston, MA.
- 1987 "Phonetic theory and congenital aglossia." International Phonetic Society; Miami, FL.  
 "Aesthetics in reconstruction for communication." North American Medical and Dental Association; Snowmass, CO.  
 "Evaluation of long-term speech and swallowing following composite grafting of tongue and mandible." Second International Head- and Neck Oncology Research Conference; Arlington, VA.  
 "Functional results following vascularization surgery." University of California at Irvine Medical Center, Annual Cancer Conference; Orange, CA.  
 "Oromandibular reconstruction with composite groin flap." ASHA; New Orleans, LA.  
 "The speech of congenital aglossia." CSHA; San Diego, CA.
- 1986 "Speech science research tools." University of California at Irvine Medical Center, Reconstructive Conference; Orange, CA.
- 1984 "The team approach to oncology patients." CSHA; Palo Alto, CA.
- 1983 "Spastic dysphonia, surgical, or therapeutic rehabilitation." University of California, Los Angeles, Voice Conference; Los Angeles, CA.
- 1982 "Speech science research tools." University of California at Irvine Medical Center, Annual Cancer Conference; Orange, CA.

**CO-AUTHOR OF PAPERS PRESENTED BY DR. A. SALIBIAN**

- 1998 "Reconstruction following mandibulectomy and subtotal glossectomy." Presented at 10<sup>th</sup> Annual Mt. Sinai Comprehensive Course on Head and Neck Reconstruction; New York, NY.  
 "Multiple free flap in oral mandibular reconstruction." Presented at 10<sup>th</sup> Annual Mt. Sinai Comprehensive Course on Head and Neck Reconstruction; New York, NY.
- 1996 "Functional reconstruction of base of tongue with microvascular ulnar forearm flap." Fourth International Conference on Head and Neck Cancer; Toronto, Canada.
- 1995 "Functional results of reconstruction of tongue base with the microvascular ulnar forearm flap." Fourth International Conjoint Symposium on Contemporary Head and Neck Reconstruction; Chicago, IL.  
 "Functional reconstruction of base of tongue with microvascular ulnar forearm flap." Second International Meeting on Functional Surgery of the Head and Neck; Graz, Austria.
- 1992 "Secondary microvascular tongue reconstruction: Functional results." Annual Head and Neck Conference; San Francisco, CA.

- “Secondary microvascular tongue reconstruction: Functional results.” Fourth International Conference on Head and Neck Cancer; London, England.
- 1991 “Primary vs. secondary microvascular tongue reconstruction.” Third International Conference on Head and Neck Cancer; San Francisco, CA.
- 1988 “Total and subtotal glossectomy: Microvascular reconstruction and functional results.” Second International Conference on Head and Neck Cancers; Boston, MA.
- 1987 “Evaluation of long-term speech and swallowing following composite grafting of tongue and mandible.” Second International Head and Neck Oncology Research Conference; Arlington, VA.

**CONTINUING EDUCATION UNITS (full list and detail upon request)**

- 2020        5 ASHA Courses    1.35 CEUs
- 2019        3 ASHA Courses    2.75 CEUs
- 2018
- 6 hours on Real Time MRI, USC Medical Center, Los Angeles, CA
- 6 hours on Voice Disorders, UCI Medical Center, Orange, CA
- 6 hours on dysphagia, CSHA, Sacramento, CA
- 3 hours on unusual neuro disorders, CSHA, Sacramento, CA
- 2017
- 3 hours “catching up” phonological disorders Chapman University; Orange, CA
- 11 hours on cognitive disorders post TBI: Chapman University; Orange, CA
- 9 hours on dysphagia/neuro/head and neck: ASHA, Los Angeles, CA
- 14 hours on dysphagia/neuro/head and neck: CSHA; Pasadena, CA
- 2016    18 hours on motor speech disorders: MSD Conference; Newport Beach, CA
