Community Service Activities:

- Participates in an annual all-day interview panel consisting of 15 interviews for Trades Intern Program positions with the City of Santa Monica's Community Service Program. Asked to look at candidates through social work lens and look for characteristics like resiliency for the best possible candidates.
- Collaborated with PeaceProsLa facilitators to create exercise that was used to highlight the hyper masculinity in certain parts of sports culture that have penetrated social norms that have also impacted male gender roles in society. That was used to work with Team Captains from Santa Monica College sports teams.
- Facilitated annual Personal Statement Writing Workshop for 50+ high school students with The Harmony Project (<https://www.harmony-project.org/program>)
- Member of the Executive Board of Directors for *Masada Homes*; *Masada Homes* is charitable organization dedicated to the children. Counseling & Research Associates, dba *Masada Homes*, a California non-profit corporation, was founded in 1967 by experienced social service professionals. The mission of *Masada Homes* is to build a foundation for youth and families by providing quality vocational, mental health and substance abuse services so that they may become healthy, independent, and productive members of their communities. *Masada Homes* provides services in the following main program areas: Community Mental Health Services, School Based Services, Substance Abuse, and Therapeutic Behavioral Services.
