

**Steve R. Wilson, Ph. D., LCSW**  
Associate Professor  
California State University, Long Beach  
School of Social Work  
1250 Bellflower Blvd.  
Long Beach, CA 90840  
*[Contact info redacted  
for online publication]*

---

## **EDUCATION**

University of Southern California  
School of Social Work (Ph.D. 2004)  
Dissertation: *Spiritual Well-Being in Health-Related Quality of Life for Older Chronically Ill Adults*

California State University, Long Beach  
Department of Social Work (MSW 1993, Graduate Dean's List)  
Outstanding Master's Thesis: *Beyond the Drums: An Exploratory Study of the Men's Movement and Its Impact on Men*

California State University, Long Beach (BA – Human Development 1990)

## **PROFESSIONAL EXPERIENCE**

Associate Professor **August 2004 – Present**  
School of Social Work  
California State University, Long Beach

Associate Director and Graduate Advisor **August 2017 – August 2019**  
School of Social Work  
California State University, Long Beach

## **PROFESSIONAL AFFILIATIONS**

Licensed Clinical Social Worker, 2000 (LCSW20073)  
National Association of Social Workers (since 1991)  
National Network of Social Work Managers  
Association for Death Education and Counseling

## **Courses Taught:**

- SW465 – Undergraduate Research Methods
- SW495 A/B – Undergraduate Field Seminar
- SW550 – Quantitative Research Methods (Statistics)
- SW594 A/B – Research Methods in Social Work I and II
- SW630 – Advanced Social Work Practice with Adulthood and Aging
- SW670 – Social Work Leadership and Management
- SW675 - Social Work Practice with Death, Dying, and Loss
- SW698/699 – Thesis Advising

Lecturer (part-time)

**September 1993 – June 2004**

California State University, Long Beach –  
Departments of Social Work and Human Development

- Quantitative Research Methods in Social Work (SW 550): Instruct students on statistical procedures through SPSS for Windows in preparation for the data analysis required for the master's thesis. Additional course goals include: to gain skills necessary to employ computers and software programs in more effectively facilitate social work practice, research and policy making.
- Research Methods in Social Work Practice (SW 594): Provide instruction on research methodology, including conceptualization of research problems, literature review, research design, sampling, measurement, data collection and data analysis.
- Thesis Advising (SW 698/699): Provide guidance and advising on student thesis research projects from conceptualization to implementation to the writing up of findings.
- Research Methods in Social Work (SW 465): Provide instruction on introductory course research methods in social work with an emphasis on the evaluation of social work interventions and agency programs.
- Seminar and Practicum (HDEV 470): (1997 – present) Facilitate classroom discussion and activities related to students' field practice in social service, education, or allied settings.
- Interpersonal Skills (HDEV 364): (1997 – 2000) Through didactic and experiential learning approaches, to instruct students on the principles of interpersonal skills necessary in human relations. Course includes a presentation of theory and research applicable to processes in interpersonal functioning.

Lecturer (part-time)

**January 2000 - 2009**

School of Social Work, University of Southern California

- Social Work Research Methods (SW 562): Introduction to research methodology, including conceptualization of research problems, literature review, research design, sampling, measurement, data collection and analysis.

Project Manager

**May 2001 – August 2003**

Social Science Research Institute, University of Southern California

Supervise a staff of six undergraduate student research assistants for the USC / LA County Probation Evaluation project. The overarching goal of this project is to examine juvenile offenders' outcomes as a result of court-ordered probation. Primary responsibilities include the recording of data from juvenile court files regarding their personal, criminal, academic and social activities during the probation period, and then later quantifying this information for statistical data analysis. Additionally, I coordinate the students' visits to the ten juvenile courts throughout the county for examination of court records.

Graduate Student Assistant

**August 1997 – July 1999**

School of Social Work, University of Southern California

Worked with several faculty members to assist in research design, data collection and/or data analysis on several projects including:  
*Correlates of Depression in Older Disabled Latinos; and Family Care Providers of persons Aging with a Disability*

Research Assistant August 1999 – present  
Partners in Care Foundation (formerly VNA Foundation)  
101 S First Street #407, Burbank CA 91502

As part of the Partners in Care research team, assist in needs assessment research on grant proposals relating to bereavement interventions for the Hispanic community. Develop and validate instruments and procedures for program development.

Research Assistant January 1997 – July 1997  
Kellogg Interdisciplinary Training Project  
Child Welfare Training Centre, California State University, Long Beach

Assisted in recruiting candidates for an interdisciplinary training and community development project focusing on collaboration and community empowerment. Computerized data analysis using SPSS.

Hospice Social Worker April 1994 – December 1996  
VITAS Healthcare Corporation of California  
333 S Anita Drive, Orange CA 92688

Provided counseling to patients and their families on the psychosocial issues surrounding death, dying and bereavement. As an advocate for patients, mobilized personal, social and community resources as needed for improved quality of life. Provided education to Care Center staff on hospice-related topics such as the stages of death and dying, completion of advanced directives, living wills, and emotional care of the terminally-ill patient. Provided on-going bereavement support to families to facilitate normal grief resolution.

Psychiatric Social Worker July 1993 – April 1994  
La Casa Mental Health Center  
11400 Norwalk Blvd, Norwalk CA 90651

As team leader for multi-disciplinary treatment team, key responsibilities included providing case management, group therapy, and individual counseling to patients and their families. Prepared psychosocial assessments and conferred with the patient's psychiatrist in DSM-IV diagnoses. Assisted in discharge planning obtaining satisfactory home and community resources for the patient providing appropriate linkages as needed.

### **GRANTS**

June Simmons and Steve Wilson (co-principal investigators) (2002). Los Angeles County Area Agency on Aging Title III-E Family Caregiver Support Services: Caregiver Assessment Instrument Development Project.

This project entailed working individually and collectively with a twenty-member *EduCare* Consortium to develop a comprehensive caregiver assessment instrument to gather uniform caregiver assessment data for care planning and future funding opportunities.

### **SPECIAL PROJECTS AND GRANTS**

#### **CalSWEC II Aging Initiative: California Labor Force Study of Geriatric Social Workers (2006-2008)**

Working with a team of researchers from CSULB and UCLA, I was one of the project managers on a 2-year comprehensive study funded by the Archstone Foundation (Catherine Goodman and JoAnn Damron-Rodriguez, Principle Investigators). The goals of this project were to examine the projected growth, turnover, and staffing needs of public and private employers of agencies throughout California that serve older adults. This study concluded in December 2008. The study produced two major reports examining labor force needs for (1) public social service agencies (i.e., APS and IHSS) and (2) community-based organizations (i.e., ADHC and AAA along with their subcontracting agencies). The full 60-page reports may be viewed and downloaded at the CalSWEC Aging website:

<http://calswec.berkeley.edu/CalSWEC/indexAge.html>

#### **Long Beach Park Pacific Towers Project (2008)**

Working with the Associate Dean of Research in the College of Health and Human Services (Gail Farmer, Ph.D), developed a proposal for a potential social work placement at Park Pacific Towers in Long Beach for interdisciplinary service delivery to medially frail older adults. This proposal is for up to \$43,145 for our one-year involvement with the project whereby the department of social work would provide one faculty field instructor and a total of four students (two graduate students and two undergraduate seniors) to work in this interdisciplinary environment. Through social work leadership, we would provide expertise in geriatric case management and mental health care for the residents at Park Pacific Towers in Downtown Long Beach.

#### **Evaluation Consultant for Partners in Care Foundation (2005 – present)**

*Beach Cities Health District Program Evaluation*

Participated as an evaluator of the Beach Cities Health District (BCHD) volunteer program. The goal of this evaluation was to health BCHD provide better utilization of volunteer services for the frail elderly through out the South Bay area. Qualitative interviews with key BCHD informants and volunteers were conducted, transcribed and analyzed, with recommendations provided for increased efficiency and service delivery.

**Master’s Advanced Curriculum (MAC) Project - Gero Innovations Grant (2007)**

In collaboration with Dr. Nancy Meyer-Adams, I submitted a grant proposal in 2007 to address the gap in social work education by seeking to increase gerontological competencies of students in advanced MSW curricula in the area of mental health using the recovery model. Unfortunately, this proposal was not funded in the competitive review process. Dr. Meyer-Adams and I plan to revise and resubmit this proposal during the next round of funding opportunities for this type of project.

**Department of Mental Health Older Adult Certificate Training Program (2007)**

In response to a Request for Proposal from Los Angeles County Dept. of Mental Health in 2007, Dr. Molly Ranney and I prepared a proposal for a comprehensive 100 hour training curriculum to address the unique developmental, physical, social and emotional needs of older adults. The goal of this program was to enable clinicians (i.e., Registered Nurses, Social Workers, Marriage and Family Therapists, and Clinical Psychologists) to appropriately evaluate, assess, diagnose and treat the serious mental health disorders found in older adults. In June 2007, we learned that this program was not awarded to CSULB. However, Dr. Ranney and I plan to utilize the materials developed for another grant opportunity that can utilize our expertise in this area.

**Toward a Better Understanding of Elder Mistreatment in Community Settings (National Institute of Aging, R21 Grant, Principle Investigator: Kathleen Wilber Ph.D., USC School of Gerontology) (2006)**

The purpose of the proposed proposal was to inform the National Institute on Aging of the feasibility and issues involved in conducting a national incidence or prevalence study of elder mistreatment. The study will focus on community-residing elders to examine approaches to detecting and measuring mistreatment in five domains: physical assault, psychological aggression, sexual coercion, caregiver neglect, and financial exploitation.

My role in this grant was to help in the preparation of the grant for submission and was to also to serve as a research assistant on the project. I was to be conducting consumer focus groups and analyze findings accordingly. In addition, given my expertise in instrument development and design, I was asked to provide guidance and direction on the validation procedures of instrumentation to assess the effectiveness of the tools developed. In October 2008, due to severe economic conditions, the funding for this grant was substantially reduced causing

the Principle Investigator to decrease the project budget resulting in a staffing reduction. The instrument validation portion of the grant was effectively eliminated. Further, while I had input into focus group development, the actual focus groups were conducted by USC interns.

**Department Ad-Hoc Committee on Website Development (2008-present)**

Convened an ad-hoc committee to work with the College of Health and Human Services webmaster to revise and update the website for the school of social work. This was accomplished in early Spring 2008. As the leader of this committee, I'm particularly pleased with the speed and professionalism with which this committee worked in the development of this new web site for the department. Responsibilities included redesign of the department home page, faculty contact information, and faculty staff pages developed for each faculty member and unique pages and links pages for each of the social work program models. I currently serve as the departmental webmaster for the CSULB School of Social Work website.

**Comprehensive Assessment of the Kaiser Permanente Tri-Central Service Area Continuing Care Dept. "Transitions" (2006)**

Provided assessment and evaluation of the TriCentral Service Area Continuing Care Department. Specifically, this assessment will focus on improving the communication and continuity of care provided during transfer of patients between care settings and departments within Continuing Care, also known as care transitions. This evaluation is to provide a comprehensive assessment of patient transitions between continuing care departments and inpatient settings. Recommendations were provided to reduce duplication/overlap in documentation/assessment at transition, and improve patient outcomes (readmissions, inappropriate transfers, etc.), and improve communication systems between departments & knowledge of services.

**CSWE Geriatric Social Work Initiative-Program Modules (2002)**

Wrote three *GeroRich Modules* (Research Methods, Undergraduate Research Methods, Computers and Social Work) for inclusion of aging materials in the CSULB Department of Social Work research sequence curriculum.

***VOLUNTEER EXPERIENCE***

Editorial Review Board Member

2004 – Present

Home Health Care Services Quarterly

(Published by Haworth Press <http://www.tandf.co.uk/journals/WHHC>)

Editor: Maria Aranda, Ph.D., LCSW, Associate Professor

Chair, Older Adult Subconcentration

School of Social Work, University of Southern California

Montgomery Ross Fisher, #214

Los Angeles, CA 90089-0411

Since 2004 I have had the opportunity to review scholarly manuscripts for this journal.

Institutional Review Board Chair  
Partners in Care Foundation (PICF)  
732 Mott Street Suite 150  
San Fernando CA 91340

2005 – 2013

I served as Chair of the Human Subjects committee for Partners in Care Foundation. On this committee, we review all applications for approval of human subjects research protocols. PICF IRB determines the acceptability of proposed research in terms of institutional commitments and regulations, applicable law, and standards of professional conduct and practice. This committee officially ended in 2013.

Board Member  
Results Research (R<sup>2</sup>) (Now *Claris Research*)  
1443 E. Washington Blvd. #110  
Pasadena, CA 91104

2004 – 2012

In 2004 I was appointed by the founder and director, Dr. Jane Yoo, I attended regular board meetings for this non-profit research organization ensuring the organization is governed effectively with the necessary assets, structure, and processes in place to effectively manage day-to-day operations. I participated in agency project decision-making. This organization reorganized and became Claris Research in 2009.

### ***COMMUNITY-BASED ACTYIVITIES***

**Continuing Education Instructor for the CSULB School of Social Work Continuing Education Program:** I was asked to conduct a 10-hour continuing education courses on Aging and Long Term Care for the School of Social Work Continuing Education Program in 2010 and periodically thereafter until the program ended in 2015.

**Loyola Marymount University:** Based upon my expertise in end-of-life care and bereavement, in 2010 and 2011 I taught at the Loyola Marymount University Extension Continuing Education Program through the Center for Religion and Spirituality. My course entitled, The Spirituality of Grief Counseling for Compassionate Helpers. This course will continue to be offered in their continuing education curriculum.
