Title:
Psychiatric Mental Health Nurse Practitioner

Educational Requirements:
Masters required

Location:
California - Pasadena

Job Type:
Full Time

Job Description:
Full-Time position available for a Nurse Practitioner (NP) at D'Veal Family and Youth Services. We are a Community-based and school-based nonprofit provider of Social and Mental Health services. It is ideal for someone interested in working in a diverse population in Northwest Pasadena and/or greater Los Angeles area(s).

We are in search for a professional NP who will be working alongside the therapist and behavioral specialist. In this role the NP will provide psychiatric evaluation, determine diagnoses and prescribe appropriate treatment as indicated for a variety of psychiatric conditions. Prior experience with Department of Mental Health (DMH) preferred but not necessary.

Specific Education, Certification and Skill Requirements:
Graduate from an accredited school of nursing
1-3 years of Behavioral Health nursing experience
Current California Nurse Practitioner license
Must have prescriptive privileges
Fluency in Spanish is strongly preferred

Salary:
Competitive with excellent benefits

Start Date:
April 2017

Requirements:
Knowledge of principles, techniques and procedures used in clinical mental health settings.
Familiar with multiple factors contributing to the occurrence of mental health illness.
Aware of physical and mental symptoms associated with abuse, neglect, and addiction.
Knowledge of various psychotropic and related medications and the effects and side effects of the medications.
Must have the ability to communicate effectively in writing and verbally.
Ability to lead, motivate, delegate, analyze information and problem solve.
Provide individual, group and family nursing care to clients and families.
Demonstrate commitment to the profession and community.
Must have the ability to perform the essential functions of the job.
