

Bruce D.D. Mac Rae
Vice President of State Government Affairs
UPS

Bruce Mac Rae is the Vice President of State Government Affairs for the West Region of UPS. His area encompasses the states of California, Hawaii, Nevada, Utah and Arizona. In his current role, Bruce is responsible for local, state and federal issues affecting UPS, the world's largest package delivery and supply chain services' company.

Bruce began his UPS career in 1978 as an unloader in the Anaheim package facility. In 1983, he became a full-time driver and Teamster Union Shop Steward. In 1987, he entered into management, where he was promoted to Preload Supervisor. Since that time, Bruce has risen through many positions while acquiring skills in operations, industrial engineering, hazardous materials, customer relations, community and public relations, and security investigations before becoming Vice President of State Government Affairs.

In addition to his regional responsibilities at UPS, Bruce plays an active role in and beyond his community. He serves on the boards of many organizations, including as president of The Long Beach Police Foundation, CSULB Athletics Board, and Orange County Sheriffs' Advisory Council. Bruce is also active with the Long Beach City College Board of Governors, California Trucking Association, and chairs the Board of Trustees for the Battleship USS Iowa, just to name a few. Bruce holds strong to his responsibilities at home, in the community, and at work – understanding that each of these is critical for everyone to achieve their own goals.

A second generation Long Beach native, Bruce grew up and attended school in Long Beach. He is the proud father of two sons (both CSULB graduates) and two daughters. Nick is associate head coach for CSULB's two-time back-to-back NCAA Championship men's volleyball team. After earning his degree in occupational therapy, Jake recently obtained his California real estate license. Meghan works with athletes and lawyers on quality of life issues and Timarie devotes her time to assisted living and dementia patients in Seal Beach. They all reside in Long Beach.

The Ukleja Center for Ethical Leadership is honored to feature Bruce Mac Rae as one of its William Dickson Faculty Fellows.
