

Standard Course Outline

MKTG 492 New Products/New Services

I. General Information

- ♦ Course number: MKTG 492
- ♦ Title: New Products/New Services
- ♦ Units: 3 credits
- ♦ Prerequisites: MKTG 300 and I S 301 (IS 301 waived for Marketing minors)
- ♦ Course Coordinator: Dr. Sam Min
- ♦ Date prepared/revised: 04/2020

II. Catalog Description

New product and new service development process from idea generation to launch; diffusion of innovation and sales forecast of new product; market entry strategy; branding of new product; business plan for new product/service. Letter grade only (A-F).

III. Curriculum Justification(s)

The curriculum teaches tools and skills to design, evaluate and implement new product/service concepts and strategies. It provides students with hands-on experience of new product/service creation and prepares them to work on the marketing side of innovations.

IV. Course Objectives, Student Learning Outcomes, Evaluation Instruments, and Instructional Strategies for Skill Development

The course provides students to improve (1) critical thinking for new product success, and (2) analytical skills of new product development. (3) This course provides opportunities for students to apply the concepts and theories of new product development and commercialization into problem solving and decision making for a new product and new service. Furthermore, (4) it offers students chances to improve written and oral communication skills and to work in a team

- **Learning goals – Critical Thinking:** Students will demonstrate an ability to understand (a) concepts of new product/service, (b) stages involved in new product/service development, (c) new product/service success factors, (d) product life cycle of new product, and (e) marketing strategies for new product/new service
- **Learning goals – Analytical Skills:** Students will build analytical skills to understand diffusion of innovations and they will learn skills to forecast of new product demand and project profit from new product

- **Learning goal – Application:** Students will demonstrate an ability to (a) identify market opportunities, (b) generate new product/service ideas, (c) turn ideas into concepts and prototypes, (d) Evaluate new product concepts
- **Learning goals – Communication Skills:** Students will demonstrate that (a) they can communicate effectively among team members to develop a team-prepared written project and (b) they can make a persuasive, effective presentation of their marketing plan for a new product/service.
- **Learning goals – Team and Interpersonal Skills:** Students will demonstrate that they can work effectively in teams and resolve conflicts within the team.

5. Creating and managing brand identity for a new product/ new service

VI. Methods of Instruction

C. Instruction Mode

- Traditional

- Hybrid
- Local Online
- Distance Education

D. Classroom Activities

The course consists of lectures by instructors, in-class exercises and team-based projects. The lectures aim to help students understand basic terms, concepts and methodologies, and exercises and projects to help students develop application and critical thinking skills.

There must be at least one major project in the course. The group project should revolved around a real business company where students work in teams to apply what they have learned in class to develop a marketing plan.

Additional active learning tasks that may be used in the course include:

- Participation (in-class) exercises that involve group work.
- Participation in class discussion
- Written group assignment
- Case analyses
- Simulations
- Examinations preferably use short answer questions, essays, and must require some form of application, critical thinking, and / or integrations of concepts. Multiple-choice questions should be less than 50% of the total exam points. If multiple-choice questions are used, they should predominantly focus on concept and technique application, not simple recall or recognition.

VII. Information about Textbooks/Readings

There is no standardized text for MKTG 492. Any text that covers the required topics listed above may be utilized. Some examples of the texts that are used include:

- Crawford and Di Benedetto, *New Products Management*, McGraw Hill
- Mohr, Sengupta, and Slater, *Marketing of High-technology Products and Innovations*, Pearson

VIII. Instructional Policies Requirements

A. Grading Policy:

- Final course grades shall be based on at least three (3), and preferably four (4) or more, demonstrations of competence by the student. In no case shall the grade on any single demonstration of competence count for more than one-third of the final course grade.
- Examinations preferably use short answer questions, essays, and must require some form of application, critical thinking, and / or integrations of concepts. Multiple-

choice questions should be less than 50% of the total exam points. If multiple-choice questions are used, they should predominantly focus on concept and technique application, not simple recall or recognition.

- See [Academic Senate Policy Statement 12-03: Final Course Grades, Grading Procedures, and Final Assessments](#).

B. Policy on Classroom Behavior:

- All cell phones & other electronic devices (e.g., pagers, iPads, iPods, PDAs) must be put on vibrate or turned off and not on your desk during class.
- Students are responsible for what transpired if they miss a class. It is the student's responsibility to contact the instructor or a classmate to determine what was missed. See "Policy on Make-up Exam and Assignments" below.
- Talking and other disruptive behavior are not permitted while classes are in session.
- Students are expected and must do ORIGINAL work for all assignments, including exams. See "Academic Integrity" policy below. It is the student's responsibility to notify the professor in advance of a need for accommodation of a disability that has been verified by the University.
- See also [Department of Marketing Classroom and Online Conduct Policies](#).

C. Policies on Withdrawal, Late Withdrawals, and Incompletes:

The University policy on dropping and withdrawal from classes is set forth in the schedule of classes. Students are obligated to officially withdraw from their courses even though they may not have attended. Withdrawals require the signature of the instructor, the chairperson, and the Dean of the COB.

D. Academic Integrity:

- Students are expected to do original work for all assignments, including exams.
- Students are responsible for their own conduct and all cases of dishonesty (e.g., plagiarism, cheating) will be reported to the proper university officials.
- Students are expected to adhere to the [College of Business policy on academic integrity](#) and the University's [Academic Senate Policy Statement 08-02: Cheating and Plagiarism](#). Please avoid an embarrassing or unfortunate situation.

E. Campus Computer/Network Usage:

Careful and ethical use of computing resources is the responsibility of every user. As a user of these resources, you agree to be subject to the guidelines of the "[Policy Governing Access to and Use of CSULB Computing Resources](#)". These guidelines apply to all computing resources provided by the University; some guidelines are more directly related to time sharing systems, some to microcomputers and local area networks, and some to all systems.

IX. Disabilities:

The [Bob Murphy Access Center](#) (BMAC) provides certification for students with disabilities and helps arrange relevant accommodations. Any student requesting academic accommodations based on a disability is strongly encouraged to register with Disabled Student Services (BMAC) each semester. A letter of verification for approved accommodations can be obtained from BMAC. Please be sure to provide your instructor with BMAC verification of accommodations as early in the semester as possible. The phone number for BMAC is (562) 985 5401. The email address is: bmac@csulb.edu.

X. Assistive Technology

In compliance with [Accessibility and Faculty Responsibility for the Selection of Instructional Materials \(PS 08-11\)](#), instructors are responsible for ensuring that their syllabi and instructional materials are accessible to all students.

XI. Consistency of SCO Standards across Sections

All future syllabi will conform to the SCO. The course coordinator should review the SCO and offer advice and/or materials to faculty member new to teaching the course. The course coordinator may offer or require regular review of instructors' course materials as well as anonymous samples of student work.

XII. Additional Resources for Development of Syllabi

- [Academic Senate Policy 11-07: Course Syllabi and Standard Course Outlines](#)
- College of Business [Accessible Syllabus Template](#)
- Faculty Center [Course and Syllabus Design](#)
