From: Julie Rivera

You're invited you to attend an all-campus budget advocacy meeting on Wednesday, March 26, at 12:00 p.m., at the Speakers' Platform Area. Because of the extraordinary cuts proposed to the CSU budget, faculty and staff unions, students, and the campus administration have agreed to work together to advocate that the Governor and Legislature consider alternative solutions to the state's fiscal challenges. We invite you to join us in our commitment to preserve access to affordable, high-quality education at CSUSB and throughout the California State University.
