

Attention Deficit Hyperactivity Disorder Resources

The *Stephen Benson Program* (SBP) at California State University, Long Beach (CSULB) is not currently screening students for a diagnosis of Attention Deficit Hyperactivity Disorder (ADHD). Students possessing a diagnosis for ADHD will be accommodated through the Bob Murphy Access Center (BMAC) office. In order to qualify for academic accommodations, students will need verification of their diagnosis from a qualified professional. Diagnostic guidelines can be found on the web at http://www.ets.org/disabilities/documentation/documenting_adhd Students seeking diagnosis may find the following resources useful. SBP is in no way affiliated with these agencies and provides this listing as only a referral suggestion for outside ADHD testing and diagnosis.

<p><u>Advances in Mental Health</u> Ben Stephanoff 5199 E.
