

Learning Disability Assessment Resources

Students possessing diagnosis of a specific learning disability will be accommodated through the Bob Murphy Access Center (BMAC) office. In order to qualify for academic accommodations, students will need verification of their diagnosis from a qualified professional. Diagnostic guidelines can be found on the web at http://www.ets.org/disabilities/documentation/documenting_learning_disabilities

Students seeking diagnosis may find the following resources useful. SBP is in no way affiliated with these agencies and provides this listing as only a referral suggestion for outside learning disability testing and diagnosis.
