C. Additional Regulations

1. **Damage** – Any damage to individuals or California state property inside or outside the building during or following the event is the responsibility of the Host, who may be billed for the damages. Any property damage is cause for immediate closing of the event.
2. **Furniture and Furnishings** – State-owned and auxiliary-owned furniture and furnishings must remain in the building. Any furniture that is to be moved must be moved by the appropriate state or auxiliary personnel,

or with their permission, and be returned to the original location at the conclusion of the event.

3. **Closing Procedures** – Closing down means: (1) no further serving of refreshments; (2) reducing amplification; and (3) admitting no additional guests. The Host requests invited guests to begin leaving prior to closure time as to avoid an abrupt and crowded exiting. Other events closings are by mutual agreement between the University Police and the event service staff.
4. **Host's Responsibility** – The Host is essentially responsible for the enforcement of all rules and regulations pertaining to the event while the event is in progress. Should an event become threatening to persons or property, the following actions should be pursued, as listed in the order of preference:
 - **Host Closing** – When the event Host or University staff decides the event should end, the Host has primary responsibility for closing the event
 - **University Staff Closing** – When University staff determines that the event must be closed, but the Host is unwilling or unable, the staff member will close the event by advising the guests they must leave
 - **University Police Closing** – When University staff determines that the staff cannot, or it would not be prudent to attempt to, close the event alone, the staff member should call University Police for assistance. Once University Police arrives, officers are in charge of closing the event, and the staff member's role is to explain the circumstances and be supportive to University Police.
5. **Additional Security** – If the University determines that security is needed for the event, the sponsoring persons or group must make arrangements with University Police for additional security prior to alcohol being served. The sponsoring persons or groups are responsible for costs associated with providing additional security.
6. **Citations** – Where indicated by law, University Police shall seek identification and issue an immediate campus disciplinary citation, and/or other appropriate citation, to anyone drinking an alcoholic beverage in open areas on campus who are not in an authorized area for an approved, sponsored event.
7. **Misuse of Alcohol** – Misuse of alcohol may result in drunkenness and disturbance and/or the commission of a crime, which often results in injury to oneself or others or damage to property. CSULB will not tolerate such behavior and will hold students, sponsors, and organizations responsible when conduct standards are violated.

II. Drug Policies

A. Drug-Free Schools and Communities Act (Federal)

1. The Drug-Free Schools and Communities Act Amendments of 1989 (PL101-226) require the University to notify each student and employee of campus conduct standards regarding the use of alcohol and illicit drugs, legal sanctions which apply, possible health risks, and available counseling and assistance programs. See the CSULB Catalog for more details.

B. Drugs on University Property

1. On property owned or operated by the university, the solicitation, sale, use, or knowing possession of dangerous drugs, restricted dangerous drugs, or narcotics (as these terms are used in California statutes) are prohibited. Excepted are drugs lawfully prescribed or lawfully permitted. However, use of marijuana, whether prescribed or otherwise, is prohibited on campus grounds and facilities.
2. CSULB enforces all drug laws in the University community. Violations of any of the above will result in legal sanctions, University sanctions, or both (California Health and Safety Code, Division 10, all, and including, Section 11357 through 11401).

C. Marijuana and all related products

1. The use, possession or sale of marijuana and any THC derivatives are prohibited at CSULB. Under federal law which supersedes State law, marijuana is still illegal. The campus is held to two federal laws, the Drug-Free Schools and Community Act, and the Drug-Free Workplace Act. These laws say that in order to receive any federal funding (work-study, financial aid, and federal research grants), the university must prohibit all illegal drugs.

As for medical marijuana, the Drug-Free Schools and Community Act, and the Drug-Free Workplace Act do not distinguish medical and non-medical use. CSULB, like all public colleges and universities, prohibits any marijuana use, regardless of medical status.

III. Non Compliance

A. Alcohol or Drug Laws Violations

In the event a student is cited for a violation or combination of violations of campus-related alcohol or drug laws, rules or regulations, the student may be:

1. Required to attend alcohol, tobacco, or other drug education conducted by Student Health Services.
2. Required to see an alcohol assessment counselor in Health Services after a second violation of policies.
3. Referred immediately to the Office of Student Conduct and Ethical

Development after a third violation of policies;

4. Subjected to other sanctions depending on the circumstances of an alcohol or drug violation.

B. Drug or Alcohol-Related Student Violation Disclosure

The primary purpose of this policy is to allow for notification of parents and legal guardians of students who are under the age of 21 and who in the determination of the University (after due process) have violated campus drug or alcohol-related policies. In cases of emergencies as determined by the dean of students, parents and legal guardians will be notified before due process as outlined above.

Reasons for such notification include:

- Seeking parental assistance in remediating the student's immediate alcohol or drug problem
- Alerting parents to potential difficulty the student may be experiencing
- Using the notification as an educational or preventative measure for the student
- The need to notify parents formally that future violations of campus policies by the student may lead to additional University disciplinary actions.

For further clarification of this policy, contact the dean of students, USU- 219.

C. Due Process

Drug or alcohol violations are determined by established due process procedures, which include notice of the charges and the right to be heard. University-level student disciplinary procedures follow CSU Executive Order 1098 Student Conduct Procedures for the California State University. The document is available online and in the Office of Student Conduct and Ethical Development, USU - 219.

On-campus housing judicial procedures and housing regulations are available in the Housing and Residential Life Office.

IV. Tobacco and Smoking Policy

- A.** Since September 1, 2016, CSULB has been an entirely tobacco and smoke-free campus. This policy applies to students, staff, faculty, visitors, and vendors. The tobacco and smoke-free policy applies to all CSULB facilities, property, vehicles, and Blair field. No tobacco related advertising or sponsorship shall be permitted on CSULB property, at CSULB sponsored events, or in publications produced by CSULB, with the exception of advertising in a newspaper or magazine that is not produced by CSULB and which is lawfully sold, bought or distributed on CSULB property.
- B.** Cigarettes, including electronic cigarette, cigars and pipes, including hookah pipes, shall not be sold or distributed as samples on CSULB grounds, either

in vending machines, the University Student Union or any area on campus. The free distribution of tobacco products and tobacco paraphernalia shall not be allowed on CSULB owned property, Blair Field, or at any University sponsored events. For more information on our tobacco and smoking policy refer to csulb.edu/breathe/university-policy.
